Email your nominations to peggy only ([peggybl@dri.edu](mailto:peggybl@dri.edu)) by April 23<sup>rd</sup>. We will have elections at an upcoming meeting. Please contact any current officers with questions regarding your duties as an officer

## 2) Ghana Report

Peggy and Andie made it back from their Ghana trip. Peggy gave a great report about the trip. They were able to accomplish several things while away under SAIWI's collaboration with DRI. While there they tested well water for fluoride concentrations and also took part in drilling a new well with a high yield. Meetings were held with locals to ask them about their water management practices. Andie and Peggy conducted geophysical surveys and trained local community members how to use excel and analyze geophysical data. With these skills the community will begin to store data electronically and be able to more effectively manage their water resources. Thank you Peggy and Andie for all your hard work. This was a very successful project.

3) **Next Meeting:** April 24<sup>th</sup> (Thurs) 5:00p.m.~ @ LMR 253

4) **Last SAIWI Meeting:** May 1<sup>st</sup> (Thurs) 5:00p.m.~ @ LMR 253  
Election 08: Please attend the voting. Sandwiches and beverages will be provided.
